Do You Want to Feel Refreshed and  
Reinvigorated?

- Walking in crisp mountain air.
- Sitting by the ocean with white foam at your feet.
- Taking a cool shower after a long run.
- Waking from a nap.

We've all experienced moments of refreshment, fleeting experiences that give new strength and energy. After the moments fade, we're back to the daily grind.

But a life refreshed? That's a different story. What if we could enter each day reinvigorated by life's adventure? God gives us the secret to energy, strength and joy. It's life to the full, receiving the blessings and gifts of God and pouring them into others. It's overflow – a life refreshed by generosity.

**Overflow** is six sessions containing stories designed to help your church members be inspired to live a generous life. We call it **Whole-Life Generosity™**.

## About GenerousChurch

GenerousChurch equips leaders in churches to unleash whole-life generous disciples. Generosity in Scripture has a much more robust meaning than simply giving money. It is much richer and deeper than we often think and an important key to spiritual formation.

Through leadership development, generosity resources, coaching events and other innovative tools, we help church leaders dig deep into the value of whole-life generosity. And through our process, we help these leaders bring new vitality to the church by unleashing generous disciples.

Whole-life generosity is an overflowing way of being and living rooted in a vibrant relationship with God that gratefully releases all in love to bless others. It's what God does and it's how we want to live.
